Family Force 5

Elevate,
Next level
Next level babyHey, you know I'm the bomb
Yeah, that's why you're soundin' the alarm, right
You know I'm the bomb
That's why you're soundin' the alarm, right
Imma take it next level
Let the games begin, I want the medal
The gold one, not the silver or third place
I only go up

Bounce, bounce like a fresh new pair of kicks
See, I'm a new kid, I'm relentless
I'm from the UK, and bring the London twist to this
Now Imma elevate, take it up to higher heights
The beats so tight they gonna grip me like an iron vise
Yes, I illuminate, can you feel the flames
Lightin' up the night sky
