Kidz

Take That

Kings and queens and presidents
Ministers of governments
Welcome to the future of your worldThrough talking heads that took liberties
The monkeys learned to build machines
They think they'll get to heaven through the universeThey say nothing, deny everything
And make counter accusations
My friends, my dear, my love, my GodThere'll be trouble when the kidz come out
There will be lots for them to talk about
There'll be trouble when the kidz come out
When the kidz come out, when the kidz come out
When the kidz come outHey, hey, hey, hey, hey, what you looking at?
Hey, hey, hey, hey, you want a bit of that?
Hey, hey, hey, hey, there will be trouble when the kidz come out
When the kidz come out, heyMirror, mirror on the wall
Who's the fairest of them all?
The good, the bad, the ugly or the beautifulBecause it's uphill and against the wind
With no one there to let us in
Leave your thoughts and save yourself, you foolThe daggers of science, evolving into violence
We're not sure where the fallout blows
But we all knowThere'll be trouble when the kidz come out
There will be lots for them to talk about
There'll be trouble when the kidz come out
When the kidz come out, when the kidz come out
When the kidz come outHey, hey, hey, hey, hey, what you looking at?
Hey, hey, hey, hey, you want a bit of that?
Hey, hey, hey, hey, there will be trouble when the kidz come out
When the kidz come out, heyOut on the streets tonight
They're making peace tonight
They're making peaceThere'll be trouble when the kidz come out
There will be lots for them to talk about
There'll be trouble when the kidz come out
When the kidz come out, when the kidz come out
There'll be trouble when the kidz come out
