

# Only Ash Remains

## Necrophagist

Fear is never gone from your soul  
That saw humiliation  
Being prey to the blackest of demons  
Paralyzed you fail Fallen beneath  
The mark of dignity  
You fail Demon passed on from one  
To the next infiltrates  
A mind innocent and pure  
Planting the seed to possess  
Another soul that is doomed to fail Only ash remains Demon passed on from one  
To the next infiltrates  
A mind innocent and pure  
Being prey to the blackest  
Of demons, paralyzed they fail Fallen beneath  
The mark of dignity  
They fail Only ash remains
