

# Kitchen

## Kid Cudi

[Refrain]

Hmm, you wanna find somebody you trust and lay low

But it seems they all on the same mission

You wanna find somebody you trust and lay low

But can't stand the heat of my love, then stay out the kitchen

You wanna find somebody you trust and lay low

But it seems they all on the same mission

You wanna find somebody you trust and lay low

But can't stand the heat of my love, then stay out the kitchen[Harmonizing]

Hmm, hmm, yeah my, hmm, yeah

Hmm, hmm, yeah my, hmm, yeah[Hook]

You got me, got me

You, you got me, got me

Punch-Drunk Love annoyed

You got me, got me

You, you got me, got me

Punch-Drunk Love annoyed[Verse]

Oh baby here we are, I made a wish on a shootin' star

I ain't even mad at it, we made it this far

Oh baby here we are, I made a wish on a shootin' star

I ain't even mad at it, we journeyed so far

Oh baby here we are, I made a wish on a shootin' star

It would be so tragic if we abandoned this part, no

Baby we've journeyed too far

No U-turns my sweetheart[Pre-Hook]

Hmm, hmm, yeah my, hmm, yeah

Hmm, hmm, yeah my, hmm, yeah[Hook]

You got me, got me

You, you got me, got me

Punch-Drunk Love annoyed

You got me, got me

You, you got me, got me

Punch-Drunk Love annoyed[Refrain]

Hmm, you wanna find somebody you trust and lay low

But it seems they all on the same mission

You wanna find somebody you trust and lay low

But can't stand the heat of my love, then stay out the kitchen

You wanna find somebody you trust and lay low

But it seems they all on the same mission

You wanna find somebody you trust and lay low  
But can't stand the heat of my love, then stay out the kitchen[Pre-Hook]

Hmm, hmm, yeah my, hmm, yeah  
Hmm, hmm, yeah my, hmm, yeah[Hook]

You got me, got me  
You, you got me, got me  
Punch-Drunk Love annoyed  
You got me, got me  
You, you got me, got me  
Punch-Drunk Love annoyed
