

# Perfectly Wrong

## Stooshe

### Verse 1

I'm burning all the letters that you gave me,  
(ooo ooo ooo oooo)  
And ripping every picture out my heart. He got the best in me,  
Love you like OCD.  
Baby, oh oh oh baby,  
You're the guy I should of liked,  
With a heart that's left to fight,  
Hey hey hey Chorus  
You're the only one, you're the only one,  
That makes me crazy,  
oh oh oh baby.  
You're the only one, you're the only one,  
That has me wasting,  
oh oh oh baby.  
I have no piece of mind,  
I had me walking blind baby,  
oh oh oh baby.  
You're the one and only one,  
You're so perfectly wrong,  
Hey hey hey.

### Verse 2

I'm waking everyday it's such a day dream,  
(ooo ooo ooo oooo)  
Reality just hits me with a bang. Yeah,  
You shot my soul apart,  
Then snatched away my heart baby,  
oh oh oh baby.  
I'm dying on my knees,  
From boy your expertise,  
Hey hey hey. Chorus You're the only one, you're the only one  
That makes me crazy,  
oh oh oh baby.  
You're the only one you're the only one that has me wasting,  
oh oh oh baby... Chorus (Crazy, baby) You're the only one,  
Oh oh oh baby x3  
Yeah
