Somewhere Along The Way

Dean Martin

I used to walk with you along the avenue
Our hearts were carefree and gay
How could I know I'd lose you?
Somewhere along the wayThe friends we used to know
Would always smile hello
No love like ours they'd say
Then love slipped through our fingers
Somewhere along the wayI should forget but with the loneliness of night
I start remembering, everything you're gonna get
There's still a feeling deep inside
That you will always be part of meSo now I look for you along the avenue
And as I wander I pray
That someday soon I'll find you
Somewhere along the waySo now I look for you along the avenue
And as I wander I pray
That someday soon I'll find you
Somewhere along the way
