Shelter Me

The Outfield

I wonder how I'd feel If we made love together I wonder how I'd feel Every time we trembled In each others armsI wonder how I'd feel If we could spend this night together I wonder how I'd feel With your body held against me All through the nightShelter me I need you to shelter meI wonder how I'd feel If our emotions came together I wonder how I'd feel If the future was forever And not just tonightShelter me, shelter me I need you to shelter meThis time it's not so easy to take A broken heart can't be replaced Don't wanna play a waiting game From the moment we part I'll be counting the daysI wonder how I'd feel If we made love together I wonder how I'd feel Every time we trembled In each others armsShelter me, shelter me I need you to shelter me Shelter me, shelter me I need you to shelter me
