Live Forever

Jon Owens

Verse:
In Christ the old has become new
There's no darkness that this hope can't break through
New life to raise every dead thing
The same power that's alive within me

Pre-Chorus:
Empty grave, now, where's your victory?
Thought you won, but oh Death, where is your sting?
Raise your hands up, everybody
God's alive and you're welcome to the party

Chorus:
Our God is alive and He's living on the inside
So we live forever
Our God is alive and He's living on the inside
And we live forever

(Verse)
(Pre-Chorus)
(Chorus)

Bridge:
New life is breaking out
Cause your grace has overcome
Heaven is coming down
You win and we live forever

New life is breaking out
Cause your love has overcome
Redemption all around
You win and we live forever
