I Get Lonely

Halogen

It's so good to know somebody loves me
But when you go away,I'm so mad, so sad
I feel so alone at night when I'm reachin out and i cannot feel you
i'll be wishing you near i want you by my side
having you rite here would make me feel much better
just a single touch from you turns rain to sunshine
i just think of you and you appearwhen i get lonely
i just think of you when i get lonely
everytime i get lonely
i just think of you and you come around
you come around
come around come around
you come aroundits so good to be a part of something
the love of my life you are to me
but a part of me dies inside
when i reach for you and i cannot touch u
i'll be wishing you near i want you by my side
having you rite here would make me feel much better
just a single touch from you turns rain to sunshine
i just close my eyes and you appear before mewhen i get lonely
i just think of you when i get lonely
everytime i get lonely
i just think of you and you come around
you come around
come around come around
you come aroundi always want you next to me
i never wanna let you go, oh no
you're my fantasy
in my ????
i'll love you alwayswhen i get lonely
i just think of you when i get lonely
everytime i get lonely
i just think of you and u come around
you come around
come around come around
you come around
