

The Lion's Teeth

Every Knee Shall Bow

I plunge head first
into the crushing jaws of my captor
Teeth dyed crimson by blood
The maw consumes my body
I cast virtue aside
waywardly my spirit wanders
into the pit of my own despair

red eyes meet my fate

I reside on this platter I offer myself upon
torn apart by the thorn in my side

gnashing teeth fill me with dread
I am trapped in this bed I made

Entombed by darkness
My blood on the floor
I've let the temptress murder me

My deeds of the night
never showing their face
bring me here time and time again

my folly is predelectable as time
I put myself in this place of dread
for the fleeting taste that will never satisfy

God intervene and take me home
broken and weary please God take me home
God intervene and take me home
My flesh is wicked God please take me home
