Great Night

William Beckett

Started out a night full of promise
But if I'm perfectly honest
It was too good to be true
I thought we had quite the connection
But I was headed in a different direction from you
What can I do to thank you?I've had a great night
I've had a great night
But this wasn't it, oh no
This wasn't it
I've had a great night
I've had a great night
But this wasn't it, oh no
This wasn't it
I was there with my glass half full
You were drinking like a raging bull to get through
An hour or two
Your voice was cutting like a knife in my head
What did you say?
What have I said?
I wanna make an excuse to thank youI've had a great night
I've had a great night
But this wasn't it, oh no
This wasn't it
I've had a great night
I've had a great night
But this wasn't it, oh no
This wasn't it
Thanks for the icing on the cake
But it came just a little too late
It's all my fault
My heart's locked up in a vault
And thanks for the trip around the moon
Sorry it had to end so soon
I couldn't breathe
And air is something I needI've had a great night
I've had a great night
But this wasn't it, oh no
This wasn't it
I've had a great night

I've had a great night
But this wasn't it, oh no
This wasn't it
