

The Children Of The Night

Lordi

I hid them under the floor
for their being here made me sore
And on that day I feld kinda hazy
Now they still gonna be there
'cause they're not going anywhere
with servered limbs - or call me crazy But there are voices in the darkness
In my house every time I close my eyes In the dead of night - I hear 'em sigh
The chilren of the night are calling
Hear 'em cry - they still defy
Endlessly I feel like falling
Now they're all - my children of the night "These skulls are so small, Here are seven of them in all
I swear to God now they're deadly silent" But there's voices in the darkness
Getting louder all the time Now little feet tap at the end of my bed
Remorse I seize
I feel there's someone leaning over my head
Seven breaths, they freeze!
