So you've seen I've gotten this far.
Please give me some place to worry.
I'm not trying to go there, so take me away.
Life sometimes pisses me off.
It's never a good trip for me
Every time I reach for love, it's taken away.
Night! So I play. Give me a sign this is day.
Give me some patience, so I pray.
It's time to die. Is that what I want?
There's nothing wrong wanting to be loved.
Is there something wrong with me?
Once in my life I'd like to be really set free. Let me be me.
Night! So I play.
Give me a sign this is day.
Give me some guidance, so I pray.
It's time to die. Is that what I want? Take me away.
Taken away.
Take me away.
Taken away. Something I get, I got to get home
Run, run, run, run, run, run running home
Where is my home
Night! So I play.
Give me a sign this is day.
Give me some patience, so I pray.
It's time to die. Is that what I want? Night! So I play.
Give me a sign this is day.
Give me some guidance, so I pray.
It's time to die. Is that what I want?
