Little Baby

Bully Holly

Little baby, baby me
Little baby, baby me
In my heart you are the one
Look around and have your fun
Wow, wow, wow, wow you be my little baby
And baby me
Little baby can you see
What your love has done to me?
Can't you see love in my eyes?
Love that leaves me full of sighs
Wow, wow, wow, wow you be my little baby
And baby me
Little baby, baby me
Little baby, baby me
Maybe I will baby you
With a bunch of love for you
Wow, wow, wow, wow you be my little baby
And baby me
