

Broadway

Foxboro Hot Tubs

I, I'm just killing time now
I do it all the time now
And it's killing me

I, I polish off the bottle
I'm throwing down the throttle
Drinking gasoline

[Chorus]

Now I'm on my way
Driving down Broadway
Wasting all my time
And I won't be late
Cause I'm on the brake
So don't hesitate
Never make it out
And it's killing me

Do, Do you get the feeling?
That you've been bled
Cause now you're bleeding me

You, You're spilling all the wine now
On Hollywood and Vine now
It's Lushotology

[Chorus]

And it's killing me

I, I'm just killing time now
I do it all the time now
And it's killing me

I, I polish off the bottle
I'm throwing down the throttle
Drinking gasoline

[Chorus]

And it's killing me [Repeat x2]
