Danger Zone

Young Kato

I do the same thing everyday
Daytime TV and Window Gaze
Its so slow

Take me to the Danger zone.

I do as i'm told
Stuck in a mould
Think i need reshaping

In this living hell
Bedroom's a cell
There's no Escaping

Take me to the Danger zone
Take me to the Danger zone

I lack something in my life
For far too long i've been Preoccupied
Don't take me home

Take me to the Danger zone

So i leave my job
Give up all my Posessions
Truly the love like this was never my intention

So i'm done
I'm done

When i feel caged up and life has broken me down
I dream of being somewhere else
I stay awake for you
Its all i can do
I can't even contain myself

So Come on
Come on
Come on

Don't be a stranger

Take me to the Danger zone

Dont tell me to wait 'cause i won't

Take me to the Danger zone

When i feel caged up and life has broken me down
I dream of being somewhere else
I stay awake for you
Its all i can do
I can't even contain myself

So Come on
Come on
Come on

Don't be a stranger

Take me to the Danger zone

Dont tell me to wait 'cause i won't

When i feel caged up and life has broken me down
I dream of being somewhere else
I stay awake for you
Its all i can do
I can't even contain myself

So Come on
Come on
Come on

Don't be a stranger

Take me to the Danger zone

Dont tell me to wait 'cause i won't
