

I Wanna Live

Roy Orbison

Flowers have blooms, the oceans have waves.
The sky has the clouds, people have babes
I want to live, 'till i get old
I want to watch all of this grow.

I want to live, live and let live.
I want the love this life has to give.
I want to smile and be friendly with you.
I want to live and let you live some too

Rover is big, teddy is small.
Betty is short, jimmy is tall.
They want to live, live and let live.
They want all the love this life has to give.
They want to smile be friendly with you.
They want to live that you live too.
