

# (I Believe) Our Time Is Gonna Come

## REO Speedwagon

You touched me, you took me away  
You left me confused when you said, "You couldn't stay"  
But now I know what you were tryin' to say  
I can understand that I'm not the only one  
But I believe our time is gonna come I dream of you through every night  
But you're not risin' with me, so I don't wanna see the light  
Even if you can't come over and I hopin' that you might  
'Cause when you're not here nothing's any fun  
But I believe our time is gonna come I believe our time is gonna come  
I believe our time is gonna come  
I believe our time is gonna  
I believe our time is gonna come Oh, you touched me wherever you took me away  
You left me confused when you said, "You couldn't stay"  
But now I know what you were tryin' to say  
I can understand that I'm not the only one  
But I believe our time is gonna come I believe our time is gonna come  
I believe our time is gonna come  
I believe our time is gonna  
I believe our time is gonna  
I believe our time is gonna  
I believe our time is gonna come  
(Oh, our time is gonna come) I believe, I believe  
I believe our time is gonna come  
I believe, I believe  
I believe our time is gonna come  
I believe, I believe  
I believe our time is gonna come I believe, I believe  
I believe our time is gonna come  
I believe, I believe  
I believe our time is gonna come  
I believe, I believe  
I believe our time is gonna come
