Magic and Make Up

Farrah Franklin

TV Magazines
A picture perfect me
I wish you could you understand the things
that make me who I am and what they mean to me

Sometimes I wanna be a mother
Just wanna be a daughter
See it's the little things
that matter to me

So is it magic and makeup?
That made you fall in love with me?
Everytime you see Farrah
Is it really me you see?
They only show you what they want to
Ain't always reality and I don't wanna be
Make believe

(That magic in me girl!)

Sometimes I just need
A real friend who loves me
Sometimes it's hard to tell the difference
In this world we live in
And you know what I mean

People hide behind their smiles
But it only last a while
Cause eventually the truth
will come out

So is it magic and makeup?
That made you fall in love with me?
Everytime you see Farrah
Is it really me you see?
They only show you what they want to
Ain't always reality and I don't wanna be
Make believe

(That magic in me girl!)

Don't wanna look around to find
That I've wasted so much time
And lost the meaning of real life
It could pass you by
In the twinkling of an eye
And in that moment we all can decide
That everyday is a constant ride

So is it magic and makeup?
That made you fall in love with me?
Everytime you see Farrah
Is it really me you see?
They only show you what they want to
Ain't always reality and I don't wanna be
Make believe

(That magic in me girl!)
