

# Under My Skin

## Criminal

Stigmatized, unlike anyone of you  
I'm a stranger, anyplace I goScarred for life, down to the core  
    Never regret, never repent  
    Hate makes me stronger  
        In my personal war  
        Poisoning my blood  
        Raging within  
        This fire is burning  
    Under my skinIf I bleed, my blood is for my own  
    No futile creed, shall pollute my soulFlesh of the weak  
        Feeds that machine  
        Never accept, never submit  
    Hate makes me stronger...Show no remorse, But If I ever do  
    I'll hate myself, more than I hate youScarred for life, an open sore  
        Never regret, never repent  
        Hate makes me stronger...
