Workin' On It

Dwele

u know [u know]
ur my baby, i only act shady
but it's time to cut an hour
girl
and u know i'm (workin on it)
i said i'm (workin on it)
u know (workin on it)
and i want right here in
my world being withchu all
alone is so inspiring

with that said i'm on my
way back to the ab to get {workin on it}
u clain that you need me
girl u tryna play me
and you im gonna want
you back in my arms
but you know that (only on can win)
so u betta think twice cause
you may never find..
(i never felt a love like this)
on the forever beat dont get it
twisted cause "b" stands for baby.
