Haywire

State of Being

First time saw her in them cut off jeans
I knew that I'd be in for a treat
Next thing I knew she had me tongue tied
She had me shaking from my head to my feet
Never should've underestimated her eyes
Smile over them long, long legs
Now she's got me down on my hands and knees
All I can do is beg
Haywire, she's got me going haywire, I'll never get tired
Never seen a woman do what she can do
Inspired, she's got my soul feeling inspired and full of desire
She's hotter than fire, she's got me going haywire, haywire
Every time we take a little ride in my truck
She likes the country turned way up
Do a little dancing on a long dirt road
She likes to show me the definition of love
Take a little dip in the river at night
Way out under the stars

Fresh air's good for a country girl
And that country girl is good for my heart
Haywire, she's got me going haywire, I'll never get tired
Never seen a woman do what she can do
Inspired, she's got my soul feeling inspired and full of desire
She's hotter than fire, she's got me going haywire, haywire
Haywire, she's got me going haywire, I'll never get tired
Never seen a woman do what she can do
Inspired, she's got my soul feeling inspired and full of desire
She's hotter than fire, she's got me going haywire, haywire
She's hotter than fire, she's got me going haywire
Haywire, haywire, haywire
Got me going, got me going, she's got me going haywire
Got me going, got me going, she's got me going haywire
Got me going, got me going, she's got me going haywire
Got me going, got me going, she's got me going haywire
