

# Jacqueline

## The Coral

You left before the rain came down  
December was the only sound  
All the leaves fell to the ground  
When you went away Its a crying shame to see  
A kiss become a memory  
Now I know just what you mean  
When you say Way above, where the north winds blow  
We will watch out afar to the valley below  
Oh, Jacqueline I know  
Oh, Jacqueline I know A pattern of the ways it seems  
That's the way it has to be  
Now I know just what you mean  
When you say Way above, where the north winds blow  
We will watch out afar to the valley below  
Oh, Jacqueline I know  
Oh, Jacqueline I know The coven house where you now go  
It stole our love, dont you know  
Dont you know? Oh, Jacqueline dont go  
Oh, Jacqueline I know  
Oh, Jacqueline dont go  
Oh, Jacqueline I know
