

Stealing My Way

Back Street Crawler

Spend all my money
I don't give a damn
Joker says it's funny
I don't know where I am
Now it's a cruel season to miss the boat
Now I have found a reason to keep myself afloat
Stealing my way
Back to you once again
Stealing my way
Back to you
Spend my life a-laughing
Trying to hide the fears
Free butterfly
I missed so many years
Of when I really needed
Dazzlin Don't you know
I got myself together
And Now I'm coming home I'm
Stealing my way
Back to you once again
Feeling my way
Back to you
Yes Stealing my way
Back to you once again
Stealing my way
Back to you
To be Yes Stealing my way
Back to you once again
Feeling my way
Back to you
Yes I'm
Guess it's time
I guess it's time to be
I miss you girl
Everyday of my life.
