

# Final Communique

## Boy Sets Fire

Right now you've got us right where we want you  
below the radar sucking all you sold us  
patient and waiting while plotting and baiting  
a stake through your heart with a smile on our face  
1234 we've found a new obsession  
4321 counting down to your extinction  
1234 we've found a new obsession  
4321 zero hour for the march of the damned  
you'll never see us coming striking from the shadows  
head first fist raised to the sky  
pull the trigger released in anger  
we'll bite off the fingers that feed us your shit  
1234 we've found a new obsession  
4321 counting down to your extinction  
1234 we've found a new obsession  
4321 zero hour for the march of the damned  
prepare for judgment in black masks with hearts of fire  
your time is up we have decided  
we wont give up until you lay down  
and die you bitch
