

# Where You Are

## Leeland

I can't get enough  
No I can't get enough  
Of Your amazing love  
I can't get enough I can't walk away  
No I can't walk away  
For I have seen Your face  
And I can't walk away And I just wanna be where You are  
I just wanna be near Your heart  
There is nothing like Your love  
There is nothing like Your love Jesus I love You
