

Turn Up the Radio

Die Trying

I woke up today
Nothing's changed
Though nothing's
The same I look out my window
I should have known
Nothin' but clouds
Nothin' but rain Two pots of coffee
I'm on my way
I'm over worked
And I'm under paid Well, this isn't my life
This isn't who I'm supposed to be
What happened to my life
What has happened to me? Turn the world off
Turn myself on
Turn up the radio
Turn up the radio Turn the world off
Turn myself on
Turn up the radio
Turn up the radio I'm not alone
A thousand faces
A thousand stories
I'll never know The freeway's flooded
They're on their way
All dressed up
And nowhere to go And this isn't your life
This isn't who you're supposed to be
Forget about your life
Let's just forget about everything Turn the world off
Turn yourself on
Turn up the radio
Turn up the radio Turn the world off
Turn yourself on
Turn up the radio
Turn up the radio Just to feel good
Turn up the radio
Turn up the radio
Need to feel good
Turn up your radio You'll be alright tonight
Just turn up your radio, alright

You'll be alright tonight
Just turn up and let it go
Just to feel good, to feel good Turn up your radio
Turn the world off
Turn yourself on
Turn up the radio
Turn up the radio Turn the world off
Turn yourself on
Turn up the radio
Turn up the radio Just to feel good
Turn up the radio
Turn up the radio
Need to feel good
Turn up your radio
