

Duet

Homin

Hurry up a bit

Yeah, yeah

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

Check this out right here son, we about to move to make you feel some

A lot of positive vibrations to build from

'Cause all I wanna do is lose some and win some

Have a little of prosperity and then some

Livin my life handsome, has always been a dream but

Now it's time to really achieve by all means, bust it

I keep my shit, plus thirty in between

When an arm reach out to grab the supreme

'Cause I won't stop, and AP won't stop

And Tab won't stop until we reach the top

That means we won't quit, so we stay thick so you can enjoy it

I know you like the way it's goin' down, honey honey

I know you like the milky-mellow sound, honey honey

Doin' this ain't all about money, money

I know you like the way I sound, right right

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

As I enter the room I absorb the mood

Positive vibe supplied by a positive crew

And negativity exist and you must acknowledge

You can be intelligent and never go to college

'Cause the way we live in society

It ain't really the way that it's supposed to be

I like the way you do it when you do it
When you doin', what you doin'?
I like the way you do it when you do it
When you doin', what you doin'?
