

# Dance Without You

Skylar Grey

So serious, all the time.  
I feel restrained.  
I feel confined.  
I cannot take your whispering, your whispering. I wanna dance without you.  
For once, just let me lose myself.  
I wanna dance without you.  
For once, just let me lose myself.  
For once, let me lose myself So insecure.  
So uptight.  
I break my neck to be polite.  
I cannot take your whispering, your whispering. I wanna dance without you.  
For once, just let me lose myself.  
I wanna dance without you.  
For once, just let me lose myself.  
For once, let me lose myself. How can I make history with your choreography?  
Take your hands off me.  
Take your hands off of me,  
Before I suffocate. I wanna dance without you.  
For once, just let me lose myself.  
I wanna dance without you.  
For once, just let me lose myself.  
For once, let me lose myself.
