Feel Alive

Atb

You've killed my days, my innermost
State of mind, so don't stay close
I am back through all the highs and lows

No more belief in chemicals
So pack your things, you'd better go
There'll be no regrets, so little do you know

I feel, I feel so alive
Meet me at the station or maybe in another life
I feel, I feel so alive
There'll be no more drifting back and forth in time

Another day, another life
To feed with all that I call mine
Is what it takes, so I go out tonight

Shining lights of crossing cars
An open sky, a million stars
They open up my eyes and this is just because

I feel, I feel so alive
Meet me at the station or maybe in another life
I feel, I feel so alive
There'll be no more drifting back and forth in time

I'll take it slow
I feel so alive
I'll turn back time

Another day, another life
To feed with all that I call mine
Is what it takes, so I go out tonight

I feel, I feel so alive
There'll be no more drifting

I feel, I feel so alive
Meet me at the station, or maybe in another life
I feel, I feel so alive

There'll be no more drifting back and fortn in time
I feel
