

No One's Boy

Marcy Playground

Angel, you missed your chance
To be the prom queen
And so you turned
Into a wet dream
Star of your own video
Late night show on the floor
A bad girl, no one's watchin'
As you slow move
To the rhythm of this sweet sound
Boomin' through the radio
Late night show that they ignore
Are you lonely?
'Cause I'm no one's boy
I'm no one's boy
And I'll be all you need

Only if you plead
Pray do
Angel blue
If you'll be my girl
If you'll be my girl
I'm no one's boy
I'm no one's boy
I'll be all you need
Only if you'll bleed
Pray do
Hey hey
Don't walk away from me
I found you
I can find you
