Luminous Times (Hold On To Love)

U2

Hey, sister love
Hey, sister soul
Hey, oh my love
You turn me around tonight
Hey, sister love
Save my soul, save my soulHold on to love, hold on to love
Love won't let you go
Love won't let you go
Hold on to love
See the sunshine in her soulHey, sister love
Hey, seems so bright
She comes like carnival
She is the big wheel
She turned my head around
Turned my head around
She is the speedway
She is the slipstream
She is coming 'roundHold on to love
Hold on to love
Love won't let you go
Hold on to love
Hold on to love
She the sunlight in her song
See the sunlight in her soulShe is the gun fire
She is the car crash
She is a avalanche
She is the thunder
She is the waves and
She pulls me underI love you 'cause I need to
Not because I need you
I love you 'cause I understand
That God has given me your hand
He holds me in a tiny fist
And still I need your kissHold on to love
HoldSee the sunlight in her song
See the sunlight in her soul
