Good Luck

Idiot Pilot

Luck out you might
But don't rest on it
Find out you like
Separating hairs from skinIf struggle operates
As a driving force
Then where's the hope I'm fighting for?
If struggle operates
As a driving force
Then why's the cart before the horse?Stuck in your mind
You placed all your bets
Find out you like
Separating hairs from skinIf struggle operates
As a driving force
Then where's the hope I'm fighting for?
If struggle operates
As a driving force
Then why's the cart before the horse?If struggle operates
As a driving force
Then why's the cart before the horse?
