

# Good Luck

## Idiot Pilot

Luck out you might  
But don't rest on it  
Find out you like  
Separating hairs from skin  
If struggle operates  
As a driving force  
Then where's the hope I'm fighting for?  
If struggle operates  
As a driving force  
Then why's the cart before the horse?  
Stuck in your mind  
You placed all your bets  
Find out you like  
Separating hairs from skin  
If struggle operates  
As a driving force  
Then where's the hope I'm fighting for?  
If struggle operates  
As a driving force  
Then why's the cart before the horse?  
If struggle operates  
As a driving force  
Then why's the cart before the horse?
