Dirty Weapons

Killer Dwarfs

Strange games
Politicians
No match
It's obsession
Twelve minutes
Made your mark
One sided
Shooting starIt's getting really hard
To keep believing you
Don't want to loseDirty weapons
You're never fighting fair
Dirty weapons
Turns deadly into dareLocked on
Full trigger
Shot down
Interceptor
High price
Competition
No winner
Fatal decisionIt's getting really hard
To keep believing you
Don't want to loseDirty weapons
You're never fighting fairDirty weapons
Turns deadly into dareWhat's it really going to take
To make you change your ways?
We don't have time to waste
When we're standing face to face
