

# Buzzin'

## Chicosci

Somebody tell me where I'm going  
'Cause I think I had a bit too much  
Where are you?  
It's invading me  
Erasing me  
Over meThe lights are low  
But they seem brighter  
And the air is clear  
What does it mean?  
The danger's begun  
I got a feeling I'm about to find  
My satellite  
Do you remember?  
Ohhhhh  
The nightmare that led me to you?  
Let me steal you away  
Let's run  
'Cause I'm buzzin'  
I'm buzzin'  
And I don't mindSo I get in the shadows  
Who do I turn to?  
My hands are shaking the second I see you  
My nighttime sun  
A fire lighting the night  
Do you remember?  
Ohhhhh  
The nightmare that led me to you?  
Let me steal you away  
Let's run  
'Cause I'm buzzin'  
I'm buzzin'  
And I don't mind  
I don't mindSlip away from the crowd  
Just give in to me  
Let's run  
'Cause I'm buzzin'  
I'm buzzin'  
And I don't mind  
I don't mindI never felt this way before

Can't seem to stay away from all this  
From all these sins 'Cause I'm buzzin'  
I'm buzzin' Do you remember?  
Ohhhhh  
The nightmare that led me to you  
Let me steal you away  
Let's run  
Cause I'm buzzin'  
Buzzin'  
And I don't mind  
I don't mind Slip away from the crowd  
Just give in to me  
Let's run  
'Cause I'm buzzin'  
I'm buzzin'  
And I don't mind  
I don't mind Ohhhhhhh  
Ohhhhhhh  
Ohhhhhhh  
Ohhhhhhh I don't mind
