

Chocolate & Ice Cream

Plumb

You love it when you are with me
I like to be where you are
I love it when you say baby
Let's go, take a drive
I'm chocolate and you are the ice cream
I love old movies at night
You can't sleep late or be lazy
I like to put my feet on yours
Until I fall asleep Oh baby what we've got
We could never imagine
Would be so great
I bet it's just like heaven
And some times I feel like
I am dreaming
And wake up
And you're laying there I always forget where I'm goin'
You always know where we are
I can't leave out any details
And you forget them all
You can't sit still for a minute
You're hot and I'm always cold
You dress and you shower each morning
And I'm good to dress at all
But I'll grow old with you Oh baby what we've got
We could never imagine
Would be so great
I bet it's just like heaven
And some times I feel like
I am dreaming
And wake up
And you're laying there Oh you say to me
That you are mine
And I am yours forever and ever
And ever
And I will say to you
That time and space
Could go away
And everything change
Nothing will change

The way I feel about you
I'm crazy for you Oh baby what we've got
We could never imagine
Would be so great
I bet it's just like heaven
And some times I feel like
I am dreaming
And wake up
And you're laying there
