Sanity

021

One two three fourThere's a watch in my pocket and its hands are broken
The face is blank but the gears are turnin'
(Confusion)
Is a fundamental state of mind
It doesn't really matter what I'm figurin' out?
I'm guaranteed to wind up in a state of doubtAnd sanity is a full time job
In a world that is always changin'
And sanity is a state of mind
That you believe in sanityThere's a shadow on the wall where the paint is peeling
My body's moving forward but my mind is reeling
(Depression)
Is a fundamental state of being
It doesn't really matter how my day has turned out?
I always end up living in this world of doubtAnd sanity is a full time job
In a world that is always changing
And sanity will make you stop it
You believe in sanityAnd sanity is a full time job
In a world that is always changin'
And sanity is a state of mind
That you believe in sanity
