

# Get Down

## Just a Band

Mambo ni vipi mambo ni poa  
Unaona aje naona vipoa  
Na leo tuko macho bumper to bumper  
I go with the flow wherever the flow goes  
Nimesema kitambo huwasishikiki  
Staki piki piki mi' nataka ndege  
So one time hata mi' nataka kuruka  
Niende mahali siwezi ku shuka  
My oh my what a wonderful feeling  
You don't wanna know what we do to ceilings  
Air the roof off shake the dust off blow the steam off  
On my own dance  
Oh really now oh really now now  
Proud of my continent proud of my people  
Oh really now oh really now now  
Proud that we always seem to triumph over evilMa bibi na ma bwana  
When the beat it hits you  
You got to get down (x5)  
Down Down Down  
You got to get down (x5)  
Oh owe, oh owe  
You got to get down (x5)  
Oh owe, oh oweMambo ni vipi mambo ni poa
