Class Compromise (... History's Glory)

The Business

A welfare state, class compromise
Which stops things short, short of revolution
Assault on freedom, there's no protection
There's no equality in exploitationLaw and justice are hiding behind
Veil of ignorance, greed and corruption
One salvation through suicide
No one answers to the mass destructionHistory's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worriedJustice isn't meant to be blind
Not deaf and dumb, a mute institute
The cracks of liberty filled with the cash
The working man ain't got no solutionGovernment power reigns with a blow
The dirty water stinks of pollution
Line goes deep, deep to the wall
There we await our executionHistory's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worriedHistory's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worriedHistory's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worriedHistory's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worriedHistory's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worried
