

# Lost in My Bedroom

Sky Ferreira

You're crystal clear  
Facing the light  
Don't disappear  
It's just what I imagined So happy here  
Everything's fine  
It's crystal clear  
It's just what I imagined Lost in my bed  
And I'm lost in my head  
And I'm lost in my bedroom again  
It's just what I imagined  
Lost in my bedroom  
It's just what I imagined It's just what I imagined  
Lost in my bedroom  
It's just what I imagined Silent in the stage  
Everything's fine  
Inside my brain  
It's just what I imagined Something's not right  
Shadows of fear  
I close my eyes  
It's just what I imagined Lost in my bed  
And I'm lost in my head  
And I'm lost in my bedroom again  
It's just what I imagined  
Lost in my bedroom  
It's just what I imagined It's just what I imagined  
Lost in my bedroom  
It's just what I imagined It's just what I imagined  
Lost in my bedroom  
It's just what I imagined It's just what I imagined  
Lost in my bedroom  
It's just what I imagined Lost in my bed  
And I'm lost in my head  
And I'm lost in my bedroom again  
It's just what I imagined  
Lost in my bedroom  
It's just what I imagined It's just what I imagined  
Lost in my bedroom  
It's just what I imagined It's just what I imagined  
Lost in my bedroom

It's just what I imagined
