

# Lovesongs (They Kill Me)

## Cinema Bizarre

Lovesongs, they kill me  
They kill me now The curtain's closed, no way home  
The nectar of life run dry  
These tainted words made to hurt  
Cut in me with its' knife Eating my mind and with each bite  
I'm begging, "Please Lord, no"  
This place is a mess  
The one has gone Lovesongs, they kill me  
They kill me now  
Lovesongs are killing me  
Are killing me right now Trained to attack, bull eye shot in black  
I never thought they'd get me  
These pictures in my head, lying in my bed  
These whips make me bleed This place is a mess  
My one has gone Lovesongs, they kill me  
They kill me now  
Lovesongs are killing me  
Are killing me, right now I can't hear the sceneries  
Of constant tragedies  
Of what I meant to feel no more  
Cause I'm already dead  
And I just cannot bear  
To hear another word no more Lovesongs, they kill me  
They kill me now  
Lovesongs are killing me  
Are killing me right now
