Chapel perilous

Inade

Scarred, emotion infiltrates my soul
Suffer, the hierarchy takes control
Insane, no matter where you run, you die
Breaking the chainIn your eyes I see a void
Pain, the depths of terror spent
Haste, your friend when no one cares
A wraith of evanescent hopeIn your eyes I see a void
Pain, the depths of terror spent
Take this chance to fight or die
I can taste your fucking liesScarred, emotion infiltrates my soul
Suffer, the hierarchy takes control
Insane, no matter where you run, you die
Breaking the chainScream, bleed, dream, fail
Scream, bleed, screamFree from torture, recite the pain
Did you like it? Are you proud?It wasn't what you thought it was gonna be
It wasn't what you thought it was gonna be
It wasn't what you thought it was gonna be
It wasn't what you thought it was gonna beScream, bleed, dream, failScarred, emotion infiltrates my soul
Suffer, the hierarchy takes control
Insane, no matter where you run, you die
Breaking the chainScarred, emotion infiltrates my soul
Suffer, the hierarchy takes control
Insane, no matter where you run, you die
Breaking the chainScream, bleed, dream, fail
Scream, bleed, dream, fail
Scream, bleed, dream, fail
