Jungle Shadow

Kiril feat MC Wasp & Rucl

true expression is clean
if you know it's soaked in the ceiling
to grow and say what you mean
if you flow state your whole being, don't mow it
mow this cloud vision
to close precision to malfunction,
ambition colisions affect decisions at
a junction
heads get to bouncing and hearing, hearing and working the spirits
spirit and most of the weary, weary that habits the lyric, so cheery cheery
come again keeping this one moving groovin to this rhytm till theres starting liking it to it
