

# With My Maker I Am One

[Eric Bibb](#)

I am the preacher shoutin out the news  
I am the juke stomper playin the blues  
I am the Holy Roller givin Jesus my cares  
I am the candy man pushin my wares  
I am the cowboy brandin my steers  
I am the Cherokee brave on the Trail Of Tears  
I am the master whip in my hand  
I am the slave from a distant land  
After all is said an done with my Maker I am One  
I am the Okie on a dusty road  
I am the banker with the tailor-made clothes  
I am the hobo in a cold boxcar  
I am the railroad baron with the long cigar  
I am the ghetto brother bout to lose his lease  
I am the landlord cuttin of the heat  
I am the prisoner playin cards  
I am the warden lokkin out on the yard  
After all is said an done with my Maker I am One  
I am the doctor savin the sick  
I am the junkie gravin a fix  
I am the homeless child on streets so mean  
I am the movie star on the silver screen  
I am the champion at the finish line  
I am the beggar holdin up the sign  
I am the rookie tryin to make the Hall f Fame  
I am the gangster fixin' the game  
After all is said an done with my Maker I am One  
After all is said an done with my Maker I am One
