

# Shimmer (feat. Tyler Ward)

## Boyce Avenue

She calls me from the cold  
Just when I was low, a feeling short of stable  
And all that she intends  
And all she keeps inside, isnt on the labelShe says shes ashamed  
Can she take me for awhile?  
Can I be a friend, well forget the past  
But maybe Im not able  
And I break at the bendWere here and now, but will we ever be again  
Cause I have found  
All that shimmers in this world is sure to fade  
Away againShe dreams a champagne dream  
Strawberry surprise, pink linen on white paper  
Lavender and cream  
Fields of butterflies, reality escapes herShe says that love is for fools who fall behind  
And Im somewhere in between  
I never really know a killer from a savior  
Til I break at the bendWere here and now, but will we ever be again  
Cause I have found  
All that shimmers in this world is sure to fade  
Away againIts too far away for me to hold  
Too far away  
Its too far away for me to hold  
Too far awayYeah  
Its too far away for me to hold  
Too far away  
Its too far away for me to hold  
Too far away  
Its too far away for me to hold  
Too far away  
Its too far away for me to hold  
Too far away  
Its too far away for me to hold  
Too far awayGuess, Ill let it go
