

Bait & Switch

Faith and the Muse

Violence breeds violence
Repression breeds retaliation
And only a cleansing of our whole society
Can remove this sickness from our souls
Fear not what the future holds
Rest your weary soul, I'll do the rest
Careful as I gentle down
Like a sacred cow give you my best
Rest assured I know you know
Truth is good to win the goal
There comes a time, fight or flight
All behold the legacy mine
Hark the herald angels sing
Glory to the King of Kings
A better life imagined through His eyes
A veil of finely calibrated lies
Bait and switch
One and all full of shit
Bait and switch
Everything in time
Follow me down the garden path
Take you by the hand, lead you astray
Don't look back, leave the past behind
Let bygones be gone, live for today
In control, make no mistake
The world is mine alone to take
All for one and one for none
In God we trust to seal our fate
Hark the herald angels sing
Glory to the King of Kings
A better life imagined through His eyes
A veil of finely calibrated lies
Bait and switch
One and all full of shit
Bait and switch
Everything in time
Hark the herald angels sing
Glory to the King of Kings
A better life imagined through His eyes
A veil of finely calibrated lies
Bait and switch
One and all full of shit
Bait and switch
Everything in time
The wrongs have been righted
By an assassin's bullet
