

# Welcome to Hell

## Morbid Angel

Caught within my evil spell  
Now it's time to burn in hell  
You were fooled on return  
You're just a doll for him to burn  
See the reaper in his eyes  
Brain washed with sin and death Messenger - prince of flies  
Time to burn - my evil wrath Welcome To Hell...[X2]  
Bring the children down to burn  
Sin takes you by surprise  
Once you fall - no return  
On this backwards hellbound ride  
Gates of hell drawing near  
Quenching all with black desire  
Satan loves the taste of fear  
Burn your souls in furnace fire Welcome To Hell...[X2]  
Evil spell of the dead  
Falling endless in your tomb  
Messengers of your death  
Locked within infernal doom  
See the reaper in my eyes  
Warlock's voice surrounds your dreams  
Baking soul within your screams  
Messenger - prince of flies
