

Burn It Down

AWOLNATION

If you're feeling like I feel
Then run your life like it's a dance floor
And if you need a little heat in your face
That's what I'm here for If you're chilling in the dark
And you're looking through a telescope
You will see me sipping
On a soul of a new hope So burn it down, burn it down
So burn it down, burn it down
So burn it down, burn it down
Baby, burn it, burn it down
Burn it down, burn it down
Baby, burn it, burn it down Burn it down, burn it down
Baby, burn it, burn it down
Burn it down, burn it down
Baby, burn it, burn it down
Yeah, come on, yeah If you're feeling like I feel
Throw your fist through the ceiling
Some people call it crazy
Well, I call it healing If you need love, turn around
Do the helicopter
If you're sick, baby girl
I would love to be your doctor So burn it down, burn it down
So burn it down, burn it down
So burn it down, burn it down
Baby, burn it, burn it down
Burn it down, burn it down
Baby, burn it, burn it down Burn it down, burn it down
Baby, burn it, burn it down
Burn it down, burn it down
Baby, burn it, burn it down
So burn it down Looking through a window made of time
Would you have the courage not to lie?
Looking down the barrel of today
Would that make you turn around and stay? Looking through a window made of time
Would you have the courage not to lie? Down, burn it down
Hey, burn it down, burn it down
So burn it down, burn it down
Baby, burn it, burn it down
Burn it down, burn it down

Baby, burn it, burn it downBurn it down, burn it down
 Baby, burn it, burn it down
 Burn it down, burn it down
Baby, burn it, burn it downBurn it down, burn it down
 So burn it down, burn it down
 So burn it down, burn it down
 Baby, burn it, burn it down
 Burn it down, burn it down
Baby, burn it, burn it downBurn it down, burn it down
 Baby, burn it, burn it down
 Burn it down, burn it down
 Baby, burn it, burn it down
 So burn it down
