

# Little Girl

## Mary Mary

Hey Erica and Tina can you sing a song  
About little girls for me, please She was just 13 and I just don't think  
That she ever seen her own beauty  
She didn't think she'd be anything  
And that little girl, she used to be me Little girl, little girl  
Wonder are you listening  
Little girl, little girl  
Struggling with your confidence Little girl, little girl  
God made you so beautiful  
Little girl, little girl  
I just thought that you should know Sometimes you feel like you don't fit in  
'Cause you don't look like all your other friends  
You got your own thing going on  
Girl you are so unique you are just  
The way that God intended for you to be Little girl, little girl  
Wonder are you listening  
Little girl, little girl  
Struggling with your confidence Little girl, little girl  
God made you so beautiful  
Little girl, little girl  
I just thought that you should know Tell you what you should do when you get up  
In the morning look yourself in the mirror and say, "I love me"  
Even with all of your flaws and all of your downfalls  
Just be your best 'cause to Him you already are Little girl, little girl  
Wonder are you listening  
Little girl, little girl  
Struggling with your confidence Little girl, little girl  
God made you so beautiful  
Little girl, little girl  
I just thought that you should know Little girl, little girl  
Wonder are you listening  
Little girl, little girl  
Struggling with your confidence Little girl, little girl  
God made you so beautiful  
Little girl, little girl  
I just thought that you should know Little girl, little girl  
Little girl, little girl  
Little girl, little girl
